

July President's Newsletter

Well I wasn't kidding about the heat rolling in. Seems every year I'm surprised at how fast and high the temperatures climb this time of year. Does anyone ever recall Monday play being cancelled due to heat? On Monday June 20th I believe we had less than a dozen players sign up as the temperature forecast was for 122. We cancelled the game and sure enough it got to 122 degrees. It wasn't a bad call given we have so many great days to play here at Trilogy.

I'm happy to report that Kevin Templin our Course Superintendent has got the greens coming back nicely now. They got pretty patchy prior to being punched a few weeks ago but are filling in and should be great in a couple more weeks. They seem to get smoother every day. Also, when you see Kevin around the course be sure and congratulate him on his recent marriage.

Webmaster Joe Rutherford and Membership Chair Ray Dorfman have come up with a solution to satisfy requests by some members regarding having our spouse's names back on the roster. The roster in the password protected section of the website will now have spouse's names included. Any corrections you may have should be directed to Ray at raydorfman@yahoo.com.

Also new to the website is a synopsis of our member's questions regarding rules and the answers provided by the Rules Committee that have been generated at rules@tlqmc.com. Just click on "Rules Questions and Answers" on the website menu to view recent queries. Thanks to Joe and Club Secretary and Rules Committee member Greg Henry for working to make this happen.

Handicap Chair Ken Smooke reminded me that now is the time for our members to change their tee box choice if they so desire. Remember you can make that change every quarter so you can better match your tee choice to your game. Let Ken know if you want to make a change. (kenrun26@aol.com).

Congratulations to the 25 members that squeezed into the Santa Rosa Club ballroom for the June 20th General Meeting. That obliterated the 24 members that crowded the room at the previous meeting in March. It just shows you what a free drink will do for attendance.

Lastly don't forget to submit your applications for the Dry Heat Tournament coming up on August 8th and 9th. It's a great two man best ball tournament that includes a horse race. Contact Membership Chair Ed Warman at ed_warman@outlook.com for details and an application.

Thanks,

Pat
